Eaton is also the home of two academic academies: The Academy of Business Management and Entrepreneurship, which is a comprehensive 4-year business program that takes students out of the standard high school classroom and into an environment modeled after the corporate world and The Aviation Academy, which allows students the opportunity to begin dual credit college courses in aviation mechanical technology and/or a professional pilot pathway.

Northwest ISD determines both an un-weighted grade point average (GPA) on a 4.0 scale and a weighted GPA on a 7.0 scale. The un-weighted GPA is considered the student's GPA and is reported as such. The weighted GPA is only used in the determination of class rank. The college admissions process generally allows for students to indicate if the GPA and class ranking are weighted.
